Since its inception, Canggu Weekly has served as a guide and window into life along Bali's coolest coastline — capturing stories of people, places, and passions that make Canggu unique.

We believe every corner of this vibrant community tells a story : from creative individuals and local entrepreneurs to the laid-back yet energetic rhythm that defines Bali's west coast.

As an independent community magazine, our mission is simple — to bring news, stories, and inspiration from the people, for the people. Each edition reflects the spirit of Canggu and its surroundings, told with honesty, humour, and heart.

We extend our gratitude to our loyal readers, advertisers, and all who support Canggu Weekly in keeping the island connected, informed, and inspired.
